

Team Involvement in Demonstration

Date	28 September 2026
Team ID	6ab220cfbee0b08a2d2c63cd
Project Name	Auto Ticket Classification using Flow Designer
Maximum Marks	1 Mark

Team Involvement in Demonstration:

During the live demonstration of the "Auto Ticket Classification using Flow Designer" project, team members actively collaborated to present both the architectural design and the practical execution of the automated ServiceNow IT helpdesk workflow.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation
1	NANCY MMARY S	Team Leader	Introduction & Objectives	Explained project overview, objectives, scope, and requirements.	Active
2	PADMINI P	Flow Designer Developer	Workflow Design	Designed and configured Flow Designer workflows, triggers, and actions.	Active
3	MUTHUESAKKI S	Automation Specialist	Ticket Classification Logic	Configured ticket categorization, priority assignment, and routing rules.	Active
4	MUTHU SANGEETHA K	Testing Engineer	Testing & Validation	Performed testing, verified outputs, and documented test results.	Active
5	AKIL K	Documentation Lead	Results & Conclusion	Prepared project documentation, presentation, benefits, and conclusion.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Team Member 1 (Project Lead)
Overall Team Coordination Rating (1–5)	5/5
Any issues during demo	Minor issues occurred during Flow Designer execution and ticket classification validation due to configuration mismatches.
How issues were resolved	The team reviewed the flow configuration, corrected the conditions and mappings, retested the workflow, and successfully demonstrated the automated ticket classification process.
